

# Melo.Kids, FALL (ft. Kata Kozma)

the sky is the limit, yeah  
when I think about things we can do  
I am lost for a minute  
when you touching my place so long  
I am feeling the feelings

staring at the ceiling  
I am awake but I am dreaming  
I am awake but I am dreaming

I am losing my shit  
and I'm still not regret  
is the way I own it

how far can I go?  
I'm 'bout to losing control

baby I ready to fall  
baby I ready to fall  
baby I ready to fall

I feel like a feather  
carrying me feeling this light  
since we've been together  
no dirty secret I'm having on eyes

I am feeling the feelings

staring at the ceiling  
I am awake but I am dreaming  
I am awake but I am dreaming

I am losing my shit  
and I'm still not regret  
is the way I own it

how far can I go?  
I'm 'bout to losing control

baby I ready to fall  
baby I ready to fall  
baby I ready to fall
