

Melted Space, The Dawn of Man (I'm Alive)

Feel my soul
Let the blood run through me.
What you've created is out of control.
What can I to trust in you?
What is your name?

Air [Guillaume Bideau]:

Any being you want to be
God or creator,
You're alone in this world,
Keep believing in us.

Man [Jeff Scott Soto]:

I'm alive!
I don't know who I am.
But I can't wait,
I want to create!
I'm alive!
This world is now mine
But I will care
For this world I'll revere.

Water [Lucie Blatrier]:

Feel the core
Take a step on the floor
Say what you feel,
The emotion is real.
The world is open,
Let your will
Make it happen

Life/Death [Silje Wergeland/Øyvind Hægeland]:

Any being you want to be
God or creator,
You're alone in this world
Even if you're its Lord

Man [Jeff Scott Soto]:

I'm alive!
I don't know who I am.
But I can't wait,
I want to create!
I'm alive!
This world is now mine
But I will care
For this world I'll revere.

Chaos [Catherine Trotman]:

Fear,
Trouble,
You will try these feelings out.

Harmony [Clémentine Delauney]:

Rage,
Anger,
You can wipe this world out.

Time [Sakis Tolis]:

Run,
Create,
Life and Death will stand in your way.

Space [Pierre Le Pape]:

You will live,
You will die,
The only thing left is to pray.

Air/Water/Fire/Earth [Guillaume Bideau/Lucie Blatrier/Black Messiah/Ailyn Giménez Garcia]:

Deep in your memory
Remember these words:
Take care of this world
Believe in gods
You're nothing but Man

Man [Jeff Scott Soto]:

Any being I want to be
I'll follow my feelings
I will follow my instinct!

I'm alive!
I don't know who I am.
But I can't wait,
I want to create!
I'm alive!
This world is now mine
But I will care
For this world I'll revere.
