MercyMe, Hold Fast

To everyone who's hurting
To those who've had enough
To all the undeserving
That should cover all of us

Please do not let go I promise there is hope

Hold fast
Help is on the way
Hold fast
He's come to save the day
What I've learned in my life
One thing greater than my strife
Is His grasp
So hold fast

Will this season ever pass Can we stop this ride Will we see the sun at last Or could this be our lot in life

Please do not let go I promise you there's hope

CHORUS

Bridge
You may think you're all alone
And there's no way that anyone could know
What you're going through

But if you only hear one thing Just understand that we are all the same Searching for the truth

The truth of what we're soon to face Unless someone comes to take our place Is there anyone

All we want is to be free Free from our captivity Lord Here He comes
