

Michael Franti & Spearhead, I Know Im Not Alone

Whatever happened to the sun
It seems to always come
Back when we were young
We'd sing and party all night long
The season don't ever come on time no more
War paints over the years
and anger fills our tears
What happened to the sun

But I know, I know, I know I'm not alone
But I know, I know, I know I'm not alone

Everytime I read the news
I'm always more confused
Tellin' me to choose
But there's only lies to choose from
And how many died today
How many lost their homes or shot a gun
Or a loved one
What happen to our sons

But I know, I know, I know I'm not alone
And I know, I know, I know I'm not alone

I know I'm far away from home but I know I'm not alone
I know I'm far away from home but I know I'm not alone
