

Mike Mareen, Love Spy

Day by day and night by night I'm sitting by the phone.
I am the famous love spy
call me when you're alone.

Love spy
love spy

He is so strong as all the world can see

He is a man
oh
as all the boys wish they could be.

Love spy
love spy

He is so strong as all the word can see

He is a man
oh
as all the boys wish they could be

Yeah
the boys wish they could be.

I quickly jump into my car and leave some dust behind

I rush through New York City
I am the daring kind.

Love spy
love spy

. . .

I'll keep away the gangsters
there's nothing they can do

And if you need protection I'll stay the whole night through.

Love spy
love spy

. . .

Love spy
love spy
