

# Mike Oldfield, Saved By A Bell

(feat. Barry Palmer)

Would You Like To Look Through My Telescope?  
The Milky Way's A Fine Sight To See  
All Around Our Universe, We Try So Hard To View  
What's New

Make A Trip Down To Sagittarius  
And Take A Spin By Some Nebula  
I Hope The Sky Stays Clear For Us, The Night Goes On So Far  
In Stars

(Chorus)

Saved By A Bell  
Suffering Hell  
But You Were Too Blind To Tell  
Saved By A Bell  
Suffering Hell  
And You Made It Through So Well

Shining Like Bright Diamonds, The Galaxies  
Jupiter And Saturn Spin By  
Passing By Companions, They All Go Drifting By  
They Fly!

Carry Me Down To See Aquarius  
We're Hoping To Meet A Shooting Star  
I Can See There's Going To Be A Message From Afar  
How Close We Are

(Repeat Chorus Four Times)
