

Mikolas Josef, Lie To Me

she's a good girl at home
but her skirt goes up like Marilyn Monroe's
Papa likes the drama
mama hotter than lava
she rocking high heels Prada
her face like Madonna
By the way, she moves got me making a puddle
baby it already knew you would be nothing but a trouble
damn it everybody knows sjhe never loved for real
honey bunny up all night wannabe couple goals queen

I know you be-whop-a-lu-bop on his wood bamboo when
you were still seeing me and
well he didn't even knew
but god damn it come and count to 3
now sit down ggy
I'm on fire

come and lie to me
lie to me
baby come a little closer
lie to me
babe learn upon my shoulder
lie to me

get down on my body
and love me like it was always meant to be
now you love somebody new
I always knew so come and give it to me

When the beat dropped sje dropped
dropped it like its hot and now without a second though
she got me doing what I;m not
then it got heavy
mom I;m feeling home already but steady
plenty motherfuckers wanna eat my spaghetti
then sje got one of my friends
she got him dripping on wood
I know it hurt si bad but it feels si good
quit sweet talking me now
baby I don't give a fuck you
should have thought about me before you fucked him at the club

I know you be-whop-a-lu-bop on his wood bamboo when
you were still seeing me and
well he didn't even knew
but god damn it come and count to 3
now sit down ggy
I'm on fire

come and lie to me
lie to me
baby come a little closer
lie to me
babe learn upon my shoulder
lie to me

get down on my body
and love me like it was always meant to be
now you love somebody new
I always knew so come and give it to me

you know I like it

whe you lie lie lie
you look so ood
whe you lie lie lie
set my camel in the mood
when you lie

I know you be-whop-a-lu-bop on his wood bamboo when
you were still seeing me and
well he didn't even knew
but god damn it come and count to 3
now sit down ggy
I'm on fire

come and lie to me
lie to me
baby come a little closer
lie to me
babe learn upon my shoulder
lie to me

get down on my body
and love me like it was always meant to be
now you love somebody new
I always knew so come and give it to me
