

# Mild High Club, Mild High Club - Homage

Someone wrote this song before  
And I could tell you where it's from  
The 4-7-3-6-2-5-1 to put my mind at ease  
Please just have a laugh with me  
'Cause you know I'm borrowing by now  
These sounds, have already crowned  
Come on, it's a silly dream  
Dreaming of the imagery unfound  
The view sits nice from that cloud  
And if you want a piece of my thoughts  
There's a coin worth flipping  
Why don't you toss?  
Please just have a laugh with me  
'Cause you know I'm borrowing by now  
These sounds, have already crowned  
Come on, it's a silly dream  
Dreaming of the imagery unfound  
The view sits nice from that cloud  
And if you want a piece of my thoughts  
There's a coin worth flipping  
Why don't you toss?
