

MØ, Nostalgia

i remember the first time I was in love
it was all the way back in 997
I stole my mama's cell phone yes
and I was turning it up
tracked down your number boy
I was so in love I thought I was in heaven

it was so beautiful the love we had
the love we had
I can't believe we let it pass
we let it pass
so beautiful but you were rights
yes, you were right
we couldn't last but what a blast we had

I know you're hurting
I know your heart at aches
for someone's loving
but the Sun shines when the clouds breaks
I know you're hurting
I know your heart at aches
for someone's loving
but the Sun shines when the clouds breaks

I remember the first time they caught us drinking
we we're out there hanging on our bicycles glowing wheels
I had stole my dad's liquor
and we're turning it up
high as a kite an we were so in love
so high above

so beautiful the love we had
the love we had
I can't believe we let it pass
we let it pass
so beautiful but you were rights
yes, you were right
we couldn't last but what a blast we had

I know you're hurting
I know your heart at aches
for someone's loving
but the Sun shines when the clouds breaks
I know you're hurting
I know your heart at aches
for someone's loving
but the Sun shines when the clouds breaks

come on grab my hand honey
I know your heart at aches
don't you wanna be wild with me?
just like we used to be back then
come on grab my hand honey
don't you wanna dance with me
just like we used to do so devoted to the music

I know you're hurting
I know your heart at aches
for someone's loving
but the Sun shines when the clouds breaks
I know you're hurting
I know your heart at aches
for someone's loving
but the Sun shines when the clouds breaks

I know you're hurting
I know your heart aches
for someone's loving
but the Sun shines when the clouds break
I know you're hurting
I know your heart aches
for someone's loving
but the Sun shines when the clouds break
