

Mobb Deep, Drink Away The Pain

I used to be in love with this bitch named E&J
Don't f**k with her anymore
now I f**k with Tanqueray
Tanqueray introduced me to her first cousin Gold
Last name was English
and her first name Old
But Gold couldn't take the dick
It made me lazy
We split apart
now I met this new trick Dainey
Now me and Dainey we been together ever since
Our love combines to form a science
what is this
I bust her cherry
Took her virginity in 91
Now that she's open everybody want to tap somethin
Go get your own
Don't make me have to f**kin clap somethin
I love my shorty more than life now ain't that somethin
To love you Dainey more than livin itself
Even though my friends tell me she ain't good for my health
When I go pick her up
They tell me put her back on the shelf
They say say yo P she only wants you for one thing
That's your wealth
But I don't pay attention
Cause she's my baby, the Dainey
Even though she drive me crazy
She's my number one lady
Met her back in 89 now she's 22
Actin like she 40
She said all I need is a man to support me
Besides you from the 41st side of things
and Queensbridge niggaz be actin like they kings
Pushin Lexuses wearin fat diamond rings
My cellular phone reigns supreme
International think rational
The 12th street crew
Move back when we come through

I think the whole world's goin insane
I fill my brain up with Dainey and drink away the pain
I think the whole world's goin insane
I fill my mind up with liquor and drink away the pain
I think the whole world's losin it's brain
I fill my brain up with liquor and drink away the pain
I think the whole world's goin insane
I fill my brain up with Dainey and drink away the pain

Tommy Hil was my nigga
And other's couldn't figure
How me and Hilfiger used to move through with vigor
Had to sit and plan on how to make these seven figures
Said the Brinks is comin through
At Fashion Avenue
At Tuesday at two now we gotta form a crew
Of motherf**kers
Who ain't goin out like suckers
Told me call Karl Kani and all my other brothers
I told my sister Walker who was the smoothest talker
Negotiate the deal with them other money stalkers
Diesel drove the the beamer
The hatchback of course
Nautica'll navigate to keep us on course

Polo's acting bolo trying to say he the boss
I said shut the f**k up

The kid is out with the loot sack
Got a big trey pound itchin just to shoot back
Timb is on the roof with the twelve gauge rifle
Scope is on the top so you know he livin Eiffel
Took the aim of Oswald
Caught him North in the face
All them other kids they had they tools aimed at space
Levi had the snub so you know they gettin laced
Donna Karan was cryin cause mad shells was flyin
Damn all we want is a piece of the pie and
Nike scooped the cest cause he moves like Air
Threw them shits up in the trunk now we up out here
Got back to the mansion to divvy up the paper
Helly Hansen was the brain of the whole entire caper
So she felt it was right
for her to get the whole slice
Everybody in the crew didn't think it was nice
I guess not
And Guess was hot
So guess what
Guess took the jigga
And jigged her in the gut

When you play with crime sometimes it's not too fly
Even though the goods look deceivin to the eye
The end situation could leave your ass dry
That's why you got to walk on by walk on by
Walk on by walk on by walk on by

My man P put me on to the shorty Henn Rock
Now Henn Rock is strong enough to make your heartbeat stop
One sip I thought the bitch was a f**kin warlock
The more she started givin me the stronger I got
Pushed her off to the crew then she started gettin jealous
Steamed 'cause I spent more CREAM with the fellaz
F**k them niggaz spend that cheese on me
See if they be around when you need pussy
Then I thought to myself yo this trick is right
Gathered up all my dough so I spent the night
I can't help it
She got my brain in a headlock
Niggaz started riffin
Why you trickin
Yo this shit must stop
Moms like you need to see the AA
Better hope they help your ass out on the same day
But enough of that
I got the shakes so I need that
Son call me stressed out I just be that
But when it comes to Henn Rock
Dun I need that
She's my shorty for life
so f**k the feed back

I think the whole world's goin insane
I fill my brain with the Henny and drink away the pain
I think the whole world's lost it's brain
I sip away on the liquor and drink away the pain

Dainey got me goin crazy
Dainey take me away

Dainey take me away
Dainey take me away
Word up
Dainey take me away
