Monsoon, Hit and run

Dont remember what he looked like I was dazzled by the stars Spinning like Cinderella And I dont know what it was That suddenly ran up my spine Froze my cartoon heart at the stroke of midnight Nobody there coulve stopped me couldve stopped me Chorus Hit and run what a night Hit and run dynamite And the sun keeps shining Hit and run flash of light And it burns lightning strike And the world keeps turning I admit I was tipsy Cinderella turned into a gipsy With a mix of Barbarella And my head is full and Im feeling sore My super powers dont work no more Left me hypnotized, paralized, mesmerized Dont know what happened to melts getting crazy chorus keep on driving keep on driving keep on driving
