

# MONSTA X □□□□□, Love Killa

Oh, i ma sorry  
Did i make you anxious?  
Moving mysteriously like (swish)  
Holding up the breath  
As if you were hunting

Keep getting on each other's nevres  
We're in an emergency with this repeated war  
Turning off the red siren  
Now you and me (shh)

There's no feeling at all  
No more pain  
Anyhow, between you and me  
It will be love or hate  
Wanting and hating so frantically

I'mma slay  
I'mma chill  
I'mma kill

It's a plot twist from now on  
Pull the trigger ya  
Pull the trigger  
Pull the trigger  
We're like a psycho  
I'm going half-crazy

Dudududu /3x  
Throwing out everything i have (ya)  
(put an end  
put an end)  
Now take a shot  
(a shot)  
take a shot

there's no malice here  
(check 'em out  
check 'em out)
