

# Motor Ace, Money & Sympathy

Hey, before you go to sleep tonight  
Think of everything that I did right  
Drink a toast to common sense & love  
& all that you can't get a handle on

It's not easy  
To break time  
I'll hear but I probably won't listen

So while everyone is getting high  
We've been thinking far too much  
And why??  
So now or never could you give me  
All your money & your sympathy

So before you go to sleep tonight  
Think of everything that I did right  
Now or never could you give to me  
All your money & your sympathy
