

# MOVATIC, Again

You can Puch me  
Pull me any wheel you like  
You can kiss me  
You can squeez me  
Uyou can hold me all night

You can have me  
But please don't lie  
You can take me hand  
And you Never be the same again  
Never be the same again

Puch me  
Pull me any wheel you like  
You can kiss me  
You can squeez me  
Uyou can hold me all night

You can have me  
But please don't lie  
You can take me hand

Puch me  
Pull me  
Puch me  
Pull me  
Again
