Follow the brain
Follow the pain
It is a level hard
Stay on the lane
Against the grain
It's in your hunter eye
Let my mana refill
So I can start
Again
Woah
Call it a game
Call it insane
It is a final act
Pre- Pre- Pretend
Never the same
Never know who and why
Let my body take hits
Well, I don't mind
Again
They say

"Boys are bulletproof with armor on"
But I have none
Shut the system
Get that thick skin
And wait it out

Like a warrior
Monster people come back
So I'll wear black on black
Keep the gun
Never let go
Warrior
Underneath the disguise
I'm a baby who cries
But tonight
Let it echo

Warrior
Warrior
Warrior
Woah-arrrior
Warrior
Warrior
Woah-
GO!

Outta the frame
Outta the shame
It is a level hard
Make up a name
Make up an aim
Let it be you and I
Let my body take hits
See, I don't mind
Again and again

"Boys are bulletproof with armor on"
But I have none
Shut the system

Get that thick skin
And wait it out

Like a warrior
Monster people come back
So I'll wear black on black
Keep the gun
Never let go
Warrior
Underneath the disguise
I'm a baby who cries
But tonight
Let it echo

Warrior
Warrior
Warrior
Woah-arrrior
Warrior
Warrior
Woah-

Wow
What?
Listen

LEDs and drownin' in the bathroom
All because they don't teach this in the classroom
Enemies as if they came out of DOOM
"Warriors" just 'cause we came outta wombs

Losing feelings
Loading ammo
Just not to die

Like a warrior
Monster people come back
So I'll wear black on black
Keep the gun
Never let go
Warrior
Underneath the disguise
I'm a baby who cries
But tonight
Let it echo

Warrior
Warrior
Warrior
Woah-arrrior
Warrior
I'm a warrior
