And you can't resist And you can't resist making me feel

Chase your dreams away glass needles in the hay The sun forgives the clouds You are my holy shroud

I just don't care if it's real That won't change how it feels I just don't care if it's real That won't change how it feels

No it doesn't change

And you can't resist making me feel Eternally missed

You can't resist You can't resist making me feel

You can't resist making me feel Eternally missed

You can't resist You can't resist making me feel

You can't resist making me feel Eternally missed

And you can't resist And you can't resist making me feel

Chase your dreams away glass needles in the hay The sun forgives the clouds you are my holy shroud Make you an me
