

Muse, Futurism

Ignorance pulls
Apostasy and apathy still rules
Yeah you know its cool
Just suck and see
A future that will turn us into silent gods
And I wont miss you at all

Grounded
Boxed in
Like the evil in your veins
Grounded
Boxed in
I am stuck with you

Faith cant decide
Alignment of the planets
Is in your hands
Come on, crush our plans
Just suck and see
A future that wont let you disagree
And I wont miss you at all

Grounded
Boxed in
Like the evil in your veins
Grounded
Boxed in
I am stuck with you

Feel it, hear it, apathy
See it, be it, youll see
