

# Muse, JFK + Defector

Free  
Yeah, I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free  
Yeah I'm free  
From society  
You can't control me  
I'm a defector

You think you're strong and you can't be broken  
But your empire is dissolving  
You thought, you thought I was weak  
But you got it wrong  
Look into my eyes  
I'm a defector

Free  
Yeah, I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free  
Yeah I'm free  
From society  
You can't control me  
I'm a defector

Your blood is blue and your mind is turned green  
And your belly is all yellow  
You believe your throne is too high to be overthrown  
We'll watch it get razed  
By a defector

Free  
Yeah, I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free  
Yeah I'm free  
From society  
You can't control me  
I'm a defector

I'm a defector  
Free  
Yeah, I'm free  
From your inciting  
You can't brainwash me  
You've got a problem  
Free  
Yeah I'm free  
From society  
You can't control me  
I'm a defector
