Muse, Overdue

You needed it when I was away And no matter what I say Your'll never forget when I wasn't there so Why should I care? I'm young but I know that I'm aroused

You know that I care You should have been there You know that I care You should have been there

It doesn't matter where I have gone I just can't afford to Pay for all the mistakes that you have made It's about time I was paid

I'm young but I know that I'm aroused

You know that I care You should have been there You know that I care You should have been there

You know that I care You should have been there You know that I care You should have been there

You know that I care You should have been there You know that I care You should have been there
