

Muse, Supremacy

Wake to see
Your true emancipation is a fantasy
Policies have risen up and overcome the brave

Greatness dies, unsung and lost,
Invisible to history
Embedded spies brainwashing
Our children to be mean

You don't have long,
I am on to you
The time it has come to destroy

Your supremacy (supremacy)!
Ahhh!

Ooh oh
Ooh oh

You don't have long,
I am on to you.
The time it has come to destroy

Your supremacy (supremacy)!
Your!

Supremacy (supremacy)!

Yeah ooh yeah oh
