

Muse, Take a Bow

Corrupt
You corrupt
Bring corruption to all that you touch
Hold
You'll behold
And beholden for all that you've done
And spell
Cast a spell
Cast a spell on the country you run
And risk
You will risk
You will risk all their lives and their souls
And burn
You will burn
You will burn in hell
yeah You'll burn in hell
You'll burn in hell
Yeah you'll burn in hell for your sins
And our freedom's consuming itself
What we become is contrary to what we want
Take a bow
Death
You bring death
And destruction to all that you touch
Pay
You must pay
You must pay for your crimes against the earth
Hex
Feed the hex
Feed the hex on the country you love
Yeah and beg
You will beg
You will beg for their lives and their souls
Yeah and burn
You will burn
You will burn in hell
yeah You'll burn in hell
You'll burn in hell
yeah You'll burn in hell
You'll burn in hell
Yeah you will burn for all your sins
