

# MY BABY, Love Dance

She's like a piece in a puzzle  
Likely to burst her bubble  
A sweeter song remains  
Daydreaming in the driving rain

Yes, she'll make peace just to tease  
And think fast like a breeze  
Then she'll decide on a whim  
All what comes from within

Power to the people  
Who get a little stronger  
Sitting on a wire  
Smile a little longer  
Look into your heart  
Open up your eyes  
Spirit rising up, up

Love dance my way  
Love dance my way

She's like a piece of a chapter  
Likely to burst into laughter  
Inspiring words she read  
Make love dance in her head

Just as you getting that taste  
Baby it's time to make haste  
Nightly a sweet desire  
I wanna take you higher

Power to the people  
Get a little stronger  
Put a little light on  
Fight a little longer  
Open up your heart  
Open up your eyes  
Spirit rising up, up

Love dance my way  
Love dance my way
