

Mya, Why Should I Believe You

Uh uh No no no no
Uh uh No no no no
Uh uh No no no no
Uh uh No no no no

Verse 1:

You told me things of love
You promised me treasure
You said the sun would shine
And you would be all mine
You told me to go fast
And that this thing would last
But when I caught you it hurt
You had no excuse

Hook:

Why should I believe you
When you do those things you do to me
Why should I believe you
When I trusted you made a fool of me
Why should I believe you
When I know its you, me and she
Give me one good reason
Why I should not leave

Verse 2:

We spent so many nights
Talking about our lives
And all the things we'd do
Once it was me and you
You said nothing compared
To this love we shared
But when I caught you it hurt
You had no excuse

Hook

Bridge:

What did I ever do to make you lie to me
(What did I ever do to make you lie to me)
I thought the love in you'd be true and set me free
(You said the love was suppose to set me free)
I didnt deserve to fell this pain and feelin down
(I dont deserve this pain I'm feelin inside right now)
Tell me why
(Boy tell me why)

Hook

Adlib (Over Hook):

Someones gonna get you back
Its gonna come back around
And I wouldnt ???
Cause all you wanna do is be bad(??)
