

Númenor, Dragonheart

Arioch I call your name
For your glory I shall slay
Banners rise high to the sky!

Runes of power upon the blade
Crimson eyes and blazing hate
Swords ride high to the sky!

The sailor on the seas of fate
Fire in the sky

Upon their banners black and wide
The black raven sat and cried
With fire and sword, flame and dead
The Dragonlord shall stand!

Stormbringer hear my call
I shall slay and blood shall fall!
