## Númenor, Dragonheart

Arioch I call your name For your glory I shall slay Banners rise high to the sky!

Runes of power upon the blade Crimson eyes and blazing hate Swords ride high to the sky!

The sailor on the seas of fate Fire in the sky

Upon their banners black and wide The black raven sat and cried With fire and sword, flame and dead The Dragonlord shall stand!

Stormbringer hear my call I shall slay and blood shall fall!
