

Nadia Sohaei, In Your Eyes

In Your Eyes
There's one thing
I can't explain
In Your Eyes
Reflecting mirrors
Over the space
I need to be
into My loneliness
broken heart and feelings
in every breath You take
I feel one voice
inside of me
(I feel You)
I know that You know
My destiny
I need to be
so far away from Me
Everybody knows Me
and You can find My way
I know My destiny
no end and no beginning
in my heart
there's my destiny
I never fall in love
I never fall in love
because of You
that's why I love You
