

# Natalie Prass, Bird of Prey

You plucked me from the vine  
Looking for attachment  
And although it wasn't time  
When did it happen?

You, you don't leave me no choice /3x  
But to run away  
You are a bird of prey  
With a heart like the night

We had all the world to hide  
In deep fields and tall grasses  
And when you said it feels like time  
Do you have me?  
And I love you up in the womb  
You will not let me go  
And then the sun, it sets on the moon  
I can't get you away from me

And I never said I didn't want you knocking on my door  
All this run and chase, it's almost like you planned it  
Never have I thought, I'm just telling me before, ooh  
Well, I never said I didn't want you knocking on my door  
All this run and chase, it's almost like you planned it  
It's out of hand it's, ooh, out of my control

I never said  
I never said I didn't want you  
I never said I didn't want you knockin' on my door  
/2x
