

# Nathalia Ramos, BAM

Never thought I'd fall in love  
Now I stand corrected  
Never thought I'd feel what I feel  
Never been so affected

Now I Know what I know but right now it seems so subjective  
Oh oh

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM!  
To my heart then BAM!  
Oh you started to make my whole world just explode

BAM!  
My life has changed  
BAM!  
Can't concentrate  
BAM!  
I was okay until we met that day then  
BAM!  
I am obsessed  
BAM!  
Can't get no rest  
BAM!  
Ever since we met I think I know what love is  
BAM!

I felt so secure with these walls around me  
Boys would take me out but bring me back where they found me  
And there's no harm, no foul  
Cause they never got a chance to know me  
Yeah

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM!  
To  
my heart then BAM!  
Oh you started to make my whole world just explode

BAM!  
My life has changed  
BAM!  
Can't concentrate  
BAM!  
I was okay until we met that day then  
BAM!  
I am obsessed  
BAM!  
Can't get no rest  
BAM!  
Ever since we met I think I know what love is  
BAM!

And if I had to walk  
A million miles  
To find your smile  
I would  
You know I would babe  
And if you took a trip to Costa Rica  
And told me I meet ya  
I would  
I would I would babe

BAM!  
My life has changed  
BAM!

Can't concentrate  
BAM!  
I was okay until we met that day then  
BAM!  
I am obsessed  
BAM!  
Can't get no rest  
BAM!  
Ever since we met I think I know what love is  
BAM!

You surprised me, hypnotized me, found my weakness, then you crept in, BAM!  
To my heart then BAM!  
Oh you started to make my whole world just explode

BAM!
