

Nazareth, Cheerleader

Legs up to her shoulders
All the way back down
She's not playin', she knows what she's doin'
And the word's out on the town
She wanna be a cheerleader
A cheerleader
She got the moves
She got the grooves
All the boys need her

Oh oh that's the way she wants to be
Cruisin' the touch line at a quarter to three
See her ? she wanna be a cheerleader

Now she's gettin' bolder
Now she gets around
She's not takin' no for an answer
She's not getting down

She's a no teaser
A no pleaser
She got the drive
She got the jive
She's a big squeezer

Oh oh that's all she wants to be
Shake a little tush for the boys to see
Wanna be her ? a cheerleader

But what she wants the most
To be the perfect host
She wants to play the field all over

She needs it most of all
When it's too close to call
She wants to rock and roll all over
Yes all over

Legs up to her shoulders
All the way back down
She's not playin', she knows what she's doin'
The word's out on the town

She wanna be a cheerleader
A cheerleader
She got the moves
She got the grooves
All the boys need her

Oh oh that's all she wants to be
Shake a little tush for the boys to see
Wanna be her ? a cheerleader

Oh oh that's all she wants to be
Cruisin' the touch line at a quarter to three
See her ? she wanna be a cheerleader

See ? her, wanna be a cheerleader
