

# Nazareth, Dear John

(copyright Nazareth, Tiflis Tunes, inc.-ascap)

You came 'round today  
You never even knocked on my door  
Your note tried to say  
That you don't love me no more

bridge:

I want you by my side 'cause  
I wanna be your man  
I'm burning up inside 'cause  
I wanna be your man

I had to be told  
From people that I meet in the street  
They are turning cold  
Without you I would not be complete

bridge:

Why did you write me in a letter?  
A word from you would be much better

lead

bridge

Don't cast me aside  
Without you I could never survive  
Why did you decide  
To kill the love that keeps me alive
