

Nazareth, Liar

You think you're owed a living
Something 'bout you family tree
Your daddy was a bad man
You are just a crazy freak
The ship is surely sinking
And history will finger you
For staggering incompetence
And all the things you didn't do.

You're a liar
Liar, liar
Liar
Liar, liar.

You couldn't get elected
Without messing with democracy
You should have been arrested
But you've got job security
And weapons in the desert
Dubya knew it wasn't true
Illiterate. And full of shit
Daddy must be proud of you.

You're a liar
Liar, liar
Liar
Liar, liar.

Liar, liar... Pants on fire.

Shamed administration and you're working on shame
There ain't no climate change
Embarrassing your nation 'cause you never gave a damn
About no hurricane
God is no excuse for taking all you can
You must be deranged.
Liar!

Liar
Liar, liar
Liar
Liar, liar
