

# Nazareth, Love, Now You're Gone

Love, now that you're gone,  
I just can't carry on.  
Love left a space,  
I can't erase that face.  
Love that I knew gone like the morning dew.  
What will I do without her?

Love, where is she now?  
I sit and think of how  
She used to be  
Happy to be with me.  
Love that I knew gone like the morning dew.  
What will I do without her?

(Without her...)

Love, left me for good,  
I never thought she would.  
Now I'm alone,  
Wondering where she's gone.  
Love that I knew gone like the morning dew.  
What will I do without her?
