

# Nazareth, Milk And Honey

Welcome to the land of milk and honey  
This is where your braves died to be free  
Living in those days for love or money  
Left your heart and soul at wounded knee

History and time are all you have now  
You were free from sea to shining sea  
But that's no matter to the folks who live here  
You only ride your ponies on t.v.

We've got everything you'll ever need  
We've got everything you'll ever need  
eEverything you'll ever need

America, America  
America, America

All your pride was wasted ain't that funny  
You never tried to bite the feeding hand  
Welcome to this land of milk and honey  
Where they keep you fenced on burning sand

War dance for the customers on fridays  
Birthrights up for sale in tourist stores  
Carved your land and faces on your mountains  
Crazy horse can never tie the score

We've got everything you'll ever need  
We've got everything you'll ever need  
Everything you'll ever need

America, America  
America, America  
America, America  
America, America
