

Nazareth, Nothing So Good

Ain't nothin' so good
As a Sunday morning
When the day is dawnin'
Kinda makes you feel good

There ain't nothing so fine
As a lazy weekend
Just hangin' out with your best friend
There ain't nothing so good
There ain't nothing so good as a good time

There's nothing so right as the right time
I said please - don't count on me
Said please - don't count on me
There's nothing so good as a good time
Maybe there should
There ain't nothing so good

Ain't nothin' so strong
As the strength of a good love
I can't get enough
Can't ever get too much love

There ain't nothing so right
As the sound of your voice
I'm gonna make it my choice
And get into something good

There ain't nothing so good as a good time
There ain't nothing so right as the right time
I said please - don't count on me
Said please - don't you count on me
There's nothing so good as a good time
Maybe there should
There ain't nothing so good

Sail away
Can't drift too far
Gotta get away
Be where you are
Sail away, sail away
Sail on far
Gotta find a way
Into your heart

Ain't nothin' so good
As a Sunday morning
When the day is dawning
Kinda makes you feel good

There ain't nothing so fine
As a lazy weekend
Just hangin' out with your best friend
There ain't nothing so good
There ain't nothing so good as a good time
Ain't nothing so right as the right time
I said please - don't count on me
Said please - don't count on me
There's nothing so good as a good time
Maybe there should
There ain't nothing so good

Good, good, nothin' so good
Good, good, nothin' so good

Good, good, nothin' so good
Nothin' so good as a good time
Good, good, nothin' so good
Nothin' so good as a good time
Good, good, nothin' so good
Nothin' so good as a good time
Good, good, nothin' so good

Nothin' so good as a good time
Good, good, nothin' so good
Nothin' so good as a good time
Good, good, nothin' so good
