

Nazareth, Right Between The Eyes

Good days, bad days
Tearin' up the freeways
Runnin' in the big race, gotta get on
She's comin' on strong
There's something goin' on
It's the same old song but I gotta get on

Doin' this, doin' that, sleepin' on a doormat
Gotta make a comeback, maybe tonight
When it gets insane and I'm losin' my brain
But I'm makin' my name
Gotta do it tonight

She really fooled me
She got me right between the eyes
She pushed me pulled me
She got me right between the eyes.
