Nazareth, Sad Song

Every song I sing's a sad song,
Every note seems out of key.
Every line I write falls out of rhyme,
Since you're far away from me.

Every night I watch the stars fall,
Watch them till I'm fast asleep.
But when I'm sleeping, I'm not dreaming, oh no,
Since you're far away from me.

Oh, but I need you,
Honest I do.
You know that I miss you,
I'll always miss you.

Every song I hear's a sad song,
Every word applies to me.
Loneliness is something I know about,
Since you're far away from me.
