Nazareth, Talk Talk

Driftin' in the streetlight Dancin' in the twilight zone Dreamin' of a spotlight Don't wanna go back home

Joe and his buddies are hangin' around

Bad reputation all over the town All they ever gonna do Is talk, talk, talk, talk

Lucy and Debbie and Donna and Joyce Bad reputation the same as the boys All they ever wanna do Is walk, walk, walk, walk

Standin' on the sidwalk Starin' at the storefront signs Waitin' at the bus stop, truck stop The hurry up and wait stop They don't mind

Tony and Billy and Johnny and Sam Struttin' and showin' they don't give a damn All they ever gonna do Is talk, talk, talk, talk

Cindy and Sunny and Sally and Sue Thinkin' they're somethin', they're better than you All they ever wanna do Is walk, walk, walk

They're lookin' forward and movin' backwards fast They gotta have a future 'Cos sure as hell ain got no past But in the meantime

They're lookin' forward and movin' backwards fast They gotta have a future 'Cos sure as hell they got no past

They always have a good time They never get a wake up call They're hangin' out at maisies and daisies They always love the crazies That ain't all

Tony and Billy and Johnny and Sam Struttin' and showin' they don't give a damn But all they ever gonna do Is talk, talk, talk, talk

Cindy and Sunny and Sally and Sue Thinkin' they're somethin', they're better than you All they ever wanna do Is walk, walk, walk
