Nazareth, Vancouver Shakedown

Nazareth

We only came here to play rock'n'roll
Share some times with some people we know
Drink some wine
Give us some time
We aint no wise boys we aint no fools
We tried to play clean and keep to the rules
We take and we give, just playin' our gig
But we got laid over
Ya we was done over

Somebody tell us what's goin' down

Don't need another Vancouver shakedown

Six miles high, six miles along

Chasin' the sun we've come to sing you a song

Deliver our goods

We're just rock'n'roll dudes

All these behind us, and one more to go Fly to Vancouver, to do the lastshow

It's got to be good, like we know that it should

But we got laid over Ya we was doneover

Somebody tell us what's goin' down

Don't need another Vancouver shakedown

Vancouver shakedown Vancouver shakedown

We only came here to play rock'n'roll

Share some times with some people we know

Drink some wine

Give us some time

But we got laid over

Ya we was done over

Somebody tell us what's goin' down

Don't need another Vancouver shakedown
