

# Nekromantix, Brought Back To Life

monuments are standing tall  
see them break watch them fall  
blinded by a promised word  
don't believe in what you've heard

been asleep for a thousand years  
determination in his eyes  
swimming in the sea of tears  
he's brought back to life

symbols from a long gone time  
don't be a fool oh no  
don't stand up in line  
redeem yourself and see it through  
there is no way out now  
it's up to you

see him grow watch him rise  
it's about time you wake up and realize  
from beyond he emerge  
he's brought back to life  
you can call in your search
