

New Order, Restless

What can you ...
That .. so heavy and hard up to the sky
What make your day
What miracle of life has come
Stay, to survived
So sweat, so really can let go

...
And how is it feel
It feels so good

How much do you need
How much
How much do you need
/2x

Restless
I feel so Restless
And in this changing word
I'm lost for ...
I'm so Restless
And got no interests
I couldn't careless
Can be a success

I want to nice car
The girl as pretty as a star
I want to stand
As much, as I can get

How much do you need
How much
How much do you need
/2x

Restless
I feel so Restless
And in this changing word
I'm lost for ...
I'm so Restless
And got no interests
I couldn't careless
Can be a success
