

# NF, Chasing\_(Demo) ft. Mikayla Sippel

[Mikayla Sippel:]

I just wanna run away  
And find somewhere that feels safe  
Find somewhere tha bad days  
Don't come as often in this sad phase  
Somewhere i can be alone  
Wehere i don't have to run away from my flaws  
And i don't have to run away from my flaws  
With this high  
This high that i've been chasing

Doesn't have an exit  
I don't learn my lesson  
I don;t see no ending inside  
I don't feel the best when i try  
Holdin' my head up high, but it's not workin'  
Makin' you cry makes me feel like it's not woorkin'  
Makin' you cry makes me feel like a bad person  
And something's got a hold on me  
They don't see yhe world i see  
Heartbeat in my chest feels weak  
It's really starting to weigh on me

[Mikayla Sippel:]

I just wanna run away  
And find somewhere that feels safe  
Find somewhere tha bad days  
Don't come as often in this sad phase  
Somewhere i can be alone  
Wehere i don't have to run away from my flaws  
And i don't have to run away from my flaws  
With this high  
This high that i've been chasing

Always likes the sad trip  
And ruin all my friendships  
Way to omany questions in my mind  
I don't have the answers but i try  
Holdin' my head up high  
But it's not workin'  
Makin you sad makes me feel like a bad person  
I said some awful things last week  
Messin; with my self-esteem  
Mixed up my prioritis  
It's really startin' to weigh on me

[Mikayla Sippel:]

I just wanna run away  
And find somewhere that feels safe  
Find somewhere tha bad days  
Don't come as often in this sad phase  
Somewhere i can be alone  
Wehere i don't have to run away from my flaws  
And i don't have to run away from my flaws  
With this high  
This high that i've been chasing
