

# NF, PAID MY DUES

clicks /3x  
they'll do anything to get a few  
tick /3c  
that's the sound before my head explode  
quit /3x  
look at you up on your pedestals  
quit /3x  
hear the critics come  
it's time to go!

i read your article it kinda hurt me  
i don't know who hired you or what your friends say in your circle  
but the fact that you released it tells me two things  
are for certain  
they get paid for trashin' people  
i get paid cause i stay workin'

drop the search on  
they emerge up out of nowhere to the surface  
just to peak behind the curtain  
throwing salt at all my burdens  
I am aware I shouldn't give this my attention  
lifes a journey  
I should just stay on my payh and learn to laugh  
you think they heard me?

ears are burning  
put em out  
quiet /2x  
look around  
why don't they find someone way more interesting to write about?  
plus we're kinda boring aren't we?  
all we do is whine and pout  
it's confusing  
so amusing how I argue whit myself
