

# Niall Horan, Arms of a Stranger

[Verse 1]

I never thought that I would find out  
We were just lovers in the dark  
You've known someone for a long time  
But you never really know who they are  
It feels like it was only last week  
I was trippin' right into your heart  
If we're not gonna do this honestly  
Baby, won't you give me back what you took apart?

[Pre-Chorus]

When I was on my knees in the darkness  
Yeah, you'd be there to break my fall  
But now, I'm lyin' here so helpless  
But somehow, I just still want more

[Chorus]

You left me with nothing  
Now I'm lyin' in the arms of a stranger  
But why do I think of you?  
You left me with nothing  
Now I'm lookin' in the eyes of a stranger  
Just tryna get over you  
Yeah, you left me with nothing

[Verse 2]

I chase an old love just to feel loved  
But it gave me nothin' that was real  
No matter what I give, it's not enough  
But I guess I'm holdin' onto you still

[Pre-Chorus]

When I was on my knees in the darkness  
Yeah, you'd be there to break my fall  
But now, I'm lyin' here so helpless  
But somehow, I just still want more

[Chorus]

You left me with nothing  
Now I'm lyin' in the arms of a stranger  
But why do I think of you?  
Yeah, you left me with nothing  
Now I'm lookin' in the eyes of a stranger  
Just tryna get over you  
Yeah, you left me with nothing

[Bridge]

Standin' out in the crowd  
Nobody can hear me now  
I'm tryna get over you  
Standin' out in the crowd  
If only you could see me now  
I'm tryna get over you

[Chorus]

You left me with nothing  
And now I'm lyin' in the arms of a stranger  
Why do I think of you?  
You left me with nothing  
And now I'm lookin' in the eyes of a stranger  
Just tryna get over you  
Yeah, you left me with nothing  
You left me with nothing, yeah  
You left me with nothing

And now I'm lookin' in the eyes of a stranger  
Just tryna get over you  
Yeah, you left me with nothing  
You left me with nothing
