

# Niall Horan, Cross Your Mind

[Verse 1]

It's your world I wanna live in  
It's your ocean I wanna swim in  
It's your show and I'm just watchin'  
Losin' you is not an option

[Pre-Chorus]

If you leave me like a message in a bottle  
And you don't come back tomorrow  
At least you came tonight  
It's easy to pretend that I'm not caught up  
But when you get hot and bothered  
I can't give up the fight

[Chorus]

Love the way you hurt me  
And it doesn't even cross your mind, oh  
Tell me that you love me  
But I know you're out there runnin' wild, oh  
And give me all the pain, give me everything  
Don't hold back, don't hold back  
Leavin' me in pieces, but I swear it's worth it every time  
And it doesn't even cross your mind

[Verse 2]

You keep talkin', I'll just listen  
Daydreamin' 'bout where your lips been  
Pull my heart right out my chest, drive a train through  
Still get up and forgive you

[Pre-Chorus]

If you leave me like a message in a bottle  
And you don't come back tomorrow  
At least you came tonight  
It's easy to pretend that I'm not caught up  
But when you get hot and bothered  
I can't give up the fight

[Chorus]

Love the way you hurt me  
And it doesn't even cross your mind, oh, yeah  
Tell me that you love me  
But I know you're out there runnin' wild, oh  
And give me all the pain, give me everything  
Don't hold back, don't hold back  
Leavin' me in pieces, but I swear it's worth it every time  
And it doesn't even cross your mind

[Bridge]

I want you, there's no lie  
I'll love you or die tryin'  
I want you, there's no lie  
I'll love you or die tryin'  
Oh woah, oh, oh, oh I

[Chorus]

Love the way you hurt me  
And it doesn't even cross your mind (Doesn't even cross your mind)  
Yeah, tell me that you love me  
But I know you're out there runnin' wild (Runnin' wild, oh)  
And give me all the pain, give me everything  
Don't hold back, don't hold back  
Leavin' me in pieces, but I swear it's worth it every time  
And it doesn't even cross your mind

[Outro]  
Doesn't even cross your mind
