

# Nick Jonas, Avalanche (ft. Demi Lovato)

Words like a loaded gun  
Shot out from a fire tongue  
Love lost from a fight that was won  
And I can see you breaking down  
The end to a falling out

I got pride you can't hold your breath  
We'll crash down like an avalanche  
Look out now, don't take one more step  
We'll crash down like an avalanche, avalanche

I never wanted it to turn out this way  
Now forever feels like yesterday  
Sorry something that I just can't say  
Can you see me breaking down  
The end to a falling out

I got pride you can't hold your breath  
Even if we survive  
We'll crash down like an avalanche  
Crash down, crash down  
Look out now, don't take one more step  
Even if we survive  
We'll crash down like an avalanche, avalanche  
Crash down, crash down

We'll crash down, yeah  
Like an avalanche

I got pride you can't hold your breath  
Even if we survive  
We'll crash down like an avalanche  
Crash down, crash down  
Look out now, don't take one more step  
Even if we survive  
We'll crash down like an avalanche, avalanche  
Crash down, crash down
