Nick Jonas, Avalanche (ft. Demi Lovato)

Words like a loaded gun
Shot out from a fire tongue
Love lost from a fight that was won
And I can see you breaking down
The end to a falling out

I got pride you can't hold your breath We'll crash down like an avalanche Look out now, don't take one more step We'll crash down like an avalanche, avalanche

I never wanted it to turn out this way Now forever feels like yesterday Sorry something that I just can't say Can you see me breaking down The end to a falling out

I got pride you can't hold your breath
Even if we survive
We'll crash down like an avalanche
Crash down, crash down
Look out now, don't take one more step
Even if we survive
We'll crash down like an avalanche, avalanche
Crash down, crash down

We'll crash down, yeah Like an avalanche

I got pride you can't hold your breath
Even if we survive
We'll crash down like an avalanche
Crash down, crash down
Look out now, don't take one more step
Even if we survive
We'll crash down like an avalanche, avalanche
Crash down, crash down
