

Nicki Minaj, Whip it

Hey, you, jump in this ride
It's real nice, and slippery inside
Rise, eyes, come get this pie
Ride it in style
Said it a minute ago, I did it a minute ago
I drop it, I pick it slow, I want it, I kick it though
Cause they know that I got that Gucci
Said I'm bad, but I could be a good bitch

Please my body, rock my body
Boy, you make me go
Na na na na na me go
Please my body, heal my body
Boy, you make me go
Na na na na na me go

We gon'...

Hey stranger over there
I'm really liking that way
You whip it whip it
Yeah, I want you everyday
You're so right, you're so tight
You got my world spinning
You got my world spinning
My head goes round and around, round and around
Now I'm thinking
If we could be, stranger what you say?
I'm really liking that way
You whip it whip it whip it whip it

Na na na na na me go

Na na na na na me go

Is that my cue? I'm looking for some brain
To boost my IQ
I'm like 5'2, my SAT scores were high too
But I don't wanna brag louis vuitton bag
Hopped out the Jag, preceded to shag, shag them
Slim, trim, also light skin
So pe pe petta put the pipe in

Please my body, rock my body
Boy, you make me go
Na na na na na me go
Please my body, heal my body
Boy, you make me go
Na na na na na me go

We gon'...
