

Nicole Stroiny, Should I Go (feat. Ja'Mike)

You got me blinded
From the start
I never thought that he wasn't right
Everybody was against him, but I knew
I will survive and I just know
You could do that too
I felt so lost and I have to admit
that he was my life, I couldn't breath without him
but those days are gone
I've been so much better
Even if I miss him, I will love him forever

Should I go, should I go
Go to the India
Should I go, should I go
Go to the India
Should I go, should I go
You're the India

Maybe I'm dry like Kenya
And taking side but I still see the light of those nights
That we spent in India

Say my name when nobody is around
Say my name and I'll probably hypnotize you
I can hear you even though you make no sound
I'd be lost if I never ever find you

I'm not myself and I don't wanna be
if you don't come back, oh, you care about me
but I have to move on, you left me with no other choice
I can wait no more to hear the sound of your voice

Should I go, should I go
Go to the India
Should I go, should I go
Go to the India
Should I go, should I go
You're the India

I get home, I can dream,
I can be everywhere
But I wish to go in India
I can see, I can feel, I can love
I could live as I want only in India

No, no, no, I never won
You're not anymore the one
Now I laugh and I've got no more tears to cry
I ain't got nothing to lose
I am showing you're confused there's nothing left to say
I'm not anymore the same

Should I go, should I go
Go to the India
Should I go, should I go
Go to the India
Should I go, should I go
You're the India
