Nightwish, Endless Forms Most Beautiful

Come on, hop on, let's take a ride Come and meet the travelers who came to town They have a tale from the past to tell From the great dark between the stars

We are special speck of dust A fleeting moment on an ark A celebration, a resthaven of life

Lay on a field of green with mother eve with father pine reaching high Look at yourself in the eyes of aye-aye Unfolding rendezvous

Deep into the past
Follow the aeon path
Greet a blade of grass
Every endless forms most beautiful
Alive, aware, in awe
Before the grandeur of it all
Our floating pale blue ark
of endless forms most beautiful

Beyond aeons we take a ride Welcoming the shrew that survived To see the tiktaalik take her first walk

Deeper down in Panthalassa A eukaryote finds her way We return to the very first one Greet the one we'll soon become
