

Nina, Rom-Eo & Juli8

I am a robot, a hunky little robot
Working on a spaceship every night and day
I am a robot, a sexy little robot
Making sure the captain keeps his drifts away.

I'm ROM-eo I'm Juli8
I'm ROM-eo I'm Juli8
I'm ROM-eo I'm Juli8
I'm ROM-eo I'm Juli8

I was made for you my dear
And I was made for passion
The only thing I know is clear
I gave you so many distractions
Gave you so many distractions

I am robot... I am a robot... I am a robot, passion
I am a robot... I am a robot... I am a robot called ROM-eo
I am a robot, a sexy little robot, I am a robot of passion.

I was built to sail the ship
And I to please the captain
The first time that I caught your eyes
I felt this strange attraction
Felt this strange attraction

I was made for you my dear
And I was made for passion
The only thing I know is clear
I gave you so many distractions
Gave you so many distractions
